

SaniWorks Ltd.

Announces the purchase of a competitor in the Red Deer Alberta Marketplace.

We are pleased to announce the purchase of Pinnacle Distribution Red Deer Ltd. In the purchase, as of January 1st 2007 SaniWorks has expanded the territory that it will service to include Central Alberta.

“This is very exciting for SaniWorks as it will broaden our area and has expanded some of the product lines we will be able to supply in the future. I would also like to welcome the staff of Pinnacle Distribution Red Deer to the SaniWorks family.

SaniWorks Ltd.

Will introduce a new line of environmentally, Terra Choice registered products, for sale in the first quarter of this year

The Eco.Pro Line of products has been developed by ProLink Canada and its members. Eco.Pro products are a full line of cleaners for most of the cleaning tasks that you would require in a commercial application. Not only will Eco.Pro Products be environmentally sound but will add safety for your workers, be value added in the packaging and be economical to use. We are excited about the prospect of being a leader in environmentally sound products in our industry. This comprehensive line of products will be available in the first quarter of 2007.
