

## **THE NEXT GENERATION OF SKIN PROTECTION**

**3 in 1 Formula**

**Kills 99 % of germs that make you sick**

**Sanitizer    Moisturizes    Antibacterial    Skin Protectant**

**Alcohol Free    Lasts up to 4 hours    Gentle formulation**

**NSF Registered    DIN # 02244287**

### **ALCOHOL FREE**

Safe 4 Hours is an alcohol free antibacterial skin protectant that kills 99 % of germs on your hands and skin that can spread illness. Because it doesn't contain alcohol Safe 4 Hours won't dry out your hands, sting and is safe to use anywhere on your body, arms, legs and feet.

### **UNIQUE MOISTURIZING**

Safe 4 Hours is actually a lotion that uses an advanced moisturizing formula – with Aloe and Coconut Oil – leaves hands soft, smooth and silky.

### **LASTS UP TO 4 HOURS**

Safe 4 Hours contains no alcohol, silicone, petroleum or wax. It lasts up to 4 hours and remains active through hand washing and alcohol based sanitizer applications. Because it is a lotion it actually helps soothe and moisturize dry, damaged skin.

- Impervious to noxious chemicals that damage skin
- Kills 99.9 % of germs – prevents infections
- Soothes and speeds healing of damaged skin
- Helps prevent the spread on occupational hand disease ( OHD ) in healthcare and food services
